April 2013

CYFC General Committee

From the President

Welcome to season 2013 at the C Y Cougars. We look forward to a promising season. The coaches are hard at it getting the boys ready for the opening game on 13th April .

The recruiting committee have again worked tirelessly in the off season. It is fantastic to see a few locals back in the team along with some new faces.

Juddy & crew will take on the A Grade while Luke Butler and his cast of thousands are coaching the B's. Dom Fotia is again the Seniors coach, Chris Briggs and Paul Davies Juniors, Tim Schwartz under 12s, Eddie Morris under 10s and Paul Linke & Paul Jarret will tackle the under 8s. Thanks to all involved in the teams this year and good luck.

The new clubrooms are still in limbo awaiting the grant application. We should know more in a couple of months.

The surplus machinery auction was another great success, although off to a slow start, but thanks to Clarkys persistence, profit should be equal to or perhaps slightly greater than two years ago.

With each new year there is the opportunity for those wanting to step up and become involved. If this is" You" remember you will be most welcome!

Building Committee Report

The Building Committee have been busy working on the new Clubrooms. We have had the surplus machinery auction and canteen which was quite successful and well supported by Club members; a special thank you needs to go to Wardle Co Real Estate who kindly donated their time to run our auction. The grant application is in its final stages ready for submission. A delegation from the committee has been to Adelaide to finalise the kitchen and bar plans. We are aiming to have complete building permission as soon as possible so that the building can start as soon as we hear about the grant application. Our dedicated building fund is steadily growing with generous donations that range from auctioned goods, grain and money. The building committee are expecting to be extremely busy with the final stages of building planning.

Cougars merchandise is now available for 2013. Check out www.cyfc.com.au for more info and an order form.

A Word from Juddy

Once again the footy season is here. Welcome to all the new players in Cougars colours and welcome back to players continuing on from last season. We have had a solid preseason and the squad has been training hard since the end of January. Many much longer than that! We have been lucky to have Mitch Rawlings helping with fitness training this year, which the players seem to have enjoyed immensely!

We had a successful training camp weekend in late March and Internal Trial game on Saturday April 6th.

While we have gained some excellent players into the club this year we have also lost some which is disappointing, especially several younger players who have chosen other pursuits after playing all their junior and senior colt football with the Cougars. Keeping enough numbers for teams in country footy will continue to be a challenge in the future.

Thanks again to my great support network in PR, Rooster and John Thiele who all put in countless hours striving for success. I must also thank Giles Honner and the committee for their efforts.

As a team we will be working hard to improve our standing again this year, and our goal is to get the Cougars back in finals contention.

Great to see Luke Butler take on the B Grade coaching job, along with Simon Geater-Johnson as his assistant. All the best lads!

Juddy
