Welcome to PRESIDENT'S Piece

Welcome to all members, players and supporters to the 2009 season.

The 2009 season promises to be an exciting one for the CYFC, senior training is well under way with returning premiership coach Dom Fotia and newly appointed B-grade coach /A-grade assistant coach Ja McCauley.

Our player recruitment committee has been working hard over the Summer months to bolster our playing ranks and as a consequence several past players have returned to the club, including Jarrod and Ryan Byrne, Ben Gunning and Josh Dutschke along with the retention of David Lavender and Todd Nordhausen gives us a strong onfield lineup to go with our local players and improving young players. Adam Hambleton is another new player to move into the area from the South-East and looks to be a welcome addition to our player group.

We always see some players move on with retirements, work commitments, family reasons and financial enticements from other clubs and we wish them well and hope to see them back in Cougar colors sooner rather than later.

I urge all of our members and supporters to fill out the attached membership forms, there is strength in numbers and if you want to have a say in the future of your club you must be a member.

The 2009 General Committee sees a lot of new faces running our club and I can guarantee you we are all working hard for your club. In return we ask for your support whenever required, a successful club has a supportive membership.

Work is continuing on the development of our facilities and currently many essential repairs are planned for our Robert Street premises. Plans for building at the Oval are still being evaluated.

Linda Dutschke is our Canteen Manageress for 2009 and would like to thank everyone for their assistance during 2008.

If you can help out at all during 2009, no matter how small assistance you can give, then please contact Linda direct or put your name on the Cougars Club Auxiliary List .

Linda will be making phone calls for volunteers to help in the Canteen next season. If everyone could make themselves available it would mean that they would only have to do one day in the Canteen. Please be prepared to make yourselves available.

If you are unable to assist with serving

Linda would appreciate help with making soup to sell on Saturdays.

A GRADE COACH

Having returned as the senior coach for the Cougars for 2009, I have started the year with a new lease of energy for the Cougars Football club.

The expectations of any club, of course is a premiership. I believe our major goal for 2009 is to move forward as a football club. The way we can achieve this goal is by all players at all levels, officials, supporters and the community as a whole working as ONE and not against each other.

My major goal as senior coach is to bring as many younger players through to senior level, where ability permits. If I can teach one aspect of football to assist them to play better and smarter football, one of my goals as a senior coach has been achieved.

On a whole, being a country football club it's important for the players to enjoy their football. Football is such an important part of our country community. Without enjoyment achieving improvement as a club will not be easy.

The Cougars on a whole, on and off the field has prepared itself well and will continue to work hard throughout season 2009.

I can assure you as the coach that myself and the players will be giving 100% on and off the field, to ensure we will work together to become a respected football club.

Building Fund

The General Committee is currently pursuing the option of building a Sporting Complex at the Maitland Oval for local sporting teams to utilize.

Public support, both financial and physical, will be needed to get this project off the ground.

Our other option is to spend what is expected to be a large sum of money renovating the Robert St building.

A Sub Committee has been formed to obtain accurate quotes for the two options.

Members are encouraged to contribute to this project. Donations are being collected for the Building Fund.

COUGARS NETBALL NEWS

All new & old Players welcome.

At the AGM Tuesday night, we held a discussion around our current policy regarding "no train, no play". In the past we have not allowed visiting football players partners to play netball for us on Saturdays, due to the fact they couldn't train.

This was necessary due to the numbers of local committed players, however we now realise that this policy needs to be loosened, due to dwindling numbers.

There may be some football players that have partners wanting to play netball. We will gladly try to accommodate partners of football players into the club.

There will probably be some stipulations around this agreement, for example, we may look at the occasional Sunday training, so that they can attend some trainings, and we will need to see them at one of the trials we have. This is still yet to be decided.

We hope this helps the football club and any 'out of town' football players, and we hope that it can also increase our unity.

Good luck with the 2009 season.
