Welcome to Season 2010

The 2010 YPFL season is almost upon us and the Central Yorke Football Club is preparing for a big 2010.

Senior Coach Ja McCauley along with B Grade Coach Dwayne Werful have been putting the revamped 2010 players list through its paces for over 3 months now and the signs are good. An intensive pre-season will see the cougars fitter and stronger than ever. A total of 17 new players to the club will see a much changed Cougar lineup for 2010.

Come along and watch training on the 15th April as the boys prepare for the first game and enjoy a beer and BBQ tea at the Bob Honner Stand. Everyone is welcome and training starts at 6:00 pm .

Our season opener is on April 17th at our Maitland Oval against Wallaroo, so come along and see the action that our young exciting players will produce. You will certainly see many local faces.

The Cougars can not only boast some exciting new players to our senior lineup but our junior grades will have over 130 boys from Under 8's right through to Under 17's. All the action starts at 9:00 and for \$4:00 early bird admission you can enjoy some exciting junior footy as well as a bacon and egg sandwich at the Bob Honner Stand.

On the evening of the 17th April the Cougars will hold an after match function at the oval (weather permitting) .

"Cougars on the Green" will feature football and netball presentations, dinner and a netball and football players auction.

2010 will be a historic year for the CYFC with a plan to build a licensed premises at the oval being presented to our members. To take part in this exciting new venture you need to be a member so fill out the attached membership form or go to www.cyfc.com.au and download a membership form. You can also register with our sms system to be kept up to date with all that is happening with the Cougars.

We want you as members and sponsors of the Cougars, so help us provide the community and its youth with a safe and healthy sporting environment. Our focus is supporting our local and ex-local players, so come on board!
